

ARTIST INFORMATION CONSTANTIN LUGER

Constantin Luger is an Austrian musician and moderator.

The singer and multi-instrumentalist is known in Europe and the United States primarily as a pop musician, but also as the MC of various music and cultural festivals, Classical Lied singer, author and musicologist.

Constantin is touring for several months each year, solo and together with his band „Constantin Luger & die Kaisermelange“ and plays his most recent songs in Austrian dialect, dealing with different topics like politics, society and culture in a both critical and ironic way. The band delivers powerful live shows with sixties-sound, somewhere between Blues, Punk, Rock and Singer-Songwriter.

He owns a Master degree in Opera singing (class of Karlheinz Hanser) and Lied & Oratory (class of David Lutz) from the University of Music and dramatic Arts Vienna. Due to his musical experience he is also working as an artistic consultant for music productions and judging international music competitions.

His solo album “Berlin bis Wien” and EP „Da Kurti“, as well as all earlier releases, are available on all major download stores worldwide.
